+201067121760 Al Maadi, Egypt

I'm A Front-End Developer With Over 4 Years Of Experience Working On A Variety Of Projects, Mainly In E-Commerce And Educational Platforms. My Core Strength Is React, But I'm Comfortable Picking Up And Adapting To Any Framework As Needed. I Enjoy Turning Complex Ideas Into Clean, User-Friendly Interfaces, And I Take Pride In Writing Code That's Both Maintainable And Efficient. Having Worked Across Different Industries, I've Developed A Flexible Approach To Problem-Solving And Love Collaborating With Teams To Build Products That People Actually Enjoy Using.

WORK EXPERIENCE

Front-end Developer / Freelancer

June 2020 - Present / Full-time , Remotely

- EduMaster LMS: Developed a responsive learning management platform for an online academy, featuring user dashboards, course catalogs.
- ShopVerse: Built a custom e-commerce storefront for a small retail brand, including dynamic product filtering, cart, and checkout with Stripe payments.
- Created a booking and ticket reservation interface for a travel agency, integrating third-party APIs for schedules and real-time availability.
- Designed and maintained multiple landing pages and client portals for a web hosting provider, with an emphasis on clean UI and performance optimization.
- Provided ongoing support and feature enhancements for various small businesses, adapting to different tech stacks as needed and ensuring smooth, mobile-friendly user experiences.

Front-end Developer / Alroumi solutions

Jan 2023 - March 2024 / Full-time , Remotely

- Delivered a range of web projects, with a strong focus on hosting services, online shops, and educational platforms.
- Handled API integration to connect third-party services and expand site capabilities.
- Took charge of enhancing and updating existing websites by building out new features and ensuring smooth performance.
- Applied dynamic styling techniques to create engaging, responsive user interfaces.
- Worked closely with cross-functional teams to meet project goals and client expectations.

Front-end Developer / GoodWorkLabs

Jan 2022 - Jan 2023 /Full-time , Remotely

- Worked on several web projects across different industries, mainly focusing on integrating APIs and maintaining existing platforms.
- Implemented features like payment gateways and ticket reservation systems for travel and online shops.
- Added dynamic styling and interactive components to enhance the user experience.
- Collaborated with back-end teams to ensure seamless data flow and robust integrations.
- Contributed to improving overall site performance and keeping codebases clean and maintainable.
